

Jack-O-Lantern

BOYS & GIRLS CLUBS
OF SPRINGFIELD

Jack-O-Lantern

Step 1: Preparing for Carving Cover your working surface with the newspaper.

Step 2: Cut a hole around the stem at about a 45 degree angle towards the center of the pumpkin big enough for your hand to fit through.

WARNING-If the cut isn't at an angle the stem will fall into the pumpkin.

WARNING-Save the stem

Step 3: Using the medium serving spoon, scoop out the seeds and pulp (the orange stringy material inside the pumpkin) and put it in the bowl

Step 4: Tape Jack-o-Lantern template to the pumpkin Poke small holes to outline the shapes.

Step 5: Using the small knife, cut at a perpendicular angle along chosen design. Remove loose pieces of the pumpkin and discard them into a medium bowl.

Step 6: Light the candle with the lighter and place inside the Jack-o-lantern. Put the stem back on.
